

THE CIRCULAR OR MANIFESTO OF 1802

On December 4, 1802, the Supreme Council announced itself to the Masonic world by publishing a remarkable document called the *Circular throughout the two Hemispheres* also known as the *Manifesto of 1802*.

The document sets forth a rationale for the high degrees of Masonry, attempts to provide a genealogy of the Rite, and offers a list of the degrees then claimed and controlled by the first Supreme Council.

What follows is a full transcription of the document, as taken from the Scottish Rite Ritual Monitor & Guide. As with that transcription, we have not corrected grammatical errors or added *sic* to provide as exacting a transcription as possible.

Following the transcription, we have provided a translation of the Latin & Hebrew phrases used in the document as well as a short biography of Frederick Dalcho, who is believed to have been the primary author.

the Most Puissant Sovereigns, Grand Inspectors General,

To our Illustrious, most Valiant and Sublime Princes
of the Royal Secret, Knights of K. H., Illustrious Princes and
Knights, Grand, Ineffable and Sublime, Free and Accepted
Masons of all degrees, Ancient and Modern, over the surface
of the two Hemispheres:

To all those to whom these Letters shall come:

Health, Stability and Power.

At a meeting of Sovereign Grand Inspectors General
in Supreme Council, of the 33d Degree, duly and lawfully
established and congregated, held at the Grand Council
Chamber, on the 14th day of the 7th month, called תשרי, 5563,
Anno. Lucis. 5802 and of the Christian Æra, the 10th day of
October 1802.

Union, Contentment and Wisdom.

The Grand Commander informed the Inspectors, that they were convened for the purpose of taking into consideration the propriety of addressing circular Letters to the different Symbolic Grand Lodges and Sublime Grand Lodges and Councils throughout the two Hemispheres, explanatory of the origin and nature of the Sublime Degrees of Masonry and their establishment in South Carolina.

When a resolution to that effect was immediately adopted, and a committee, consisting of the Illustrious Brethren Doct. Frederick Dalcho, Doct. Isaac Auld, and Emanuel De La Motta, Esqr., Grand Inspectors General, was appointed to draft and submit such letter to the Council at their next meeting.

At a meeting of the Sovereign Grand Inspectors General in Supreme Council of the 33d, &c. &c. &c., on the 10th day of the 8th month, called Chisleu, 5563. A.L. 5802, and of the Christian *Æra* this 4th day of December 1802.

The committee to whom was referred the foregoing resolve, respectfully submitted to the Council the following report.

To trace the progress of Masonry from its earliest period and to fix precisely the dates of the establishment of each of the degrees, is involved in much difficulty. As Symbolic Masons we date our origin from the Creation of the World, when the

Almighty Builder, the Grand Architect of the Universe, established those immutable laws, which gave rise to the Sciences. Mutual wants and necessities impelled our primordial brethren to seek for mutual assistance. Diversity of talents, genius, and pursuits, rendered them, in some measure, dependent on each other, and thus society was formed, and as a natural consequence, men of the same habits and dispositions associated more intimately together, which gave rise to institutions connected with their designs, and suited to their genius; these led to the exclusion of those whose talents, habits or circumstances either disqualified them from participating in the knowledge of the others, or rendered them dangerous or unprofitable to the welfare of their general interests.

As civilization began to extend through the world, and the minds of men became enlarged from the contemplation by the works of nature, the arts and sciences were cultivated by the most ingenious of the people. The contemplation of the Planetary system, as the work of an Almighty Artist and the attributes of their God, gave rise to Religion and the Science of Astronomy. The measurement of land and the division and marking of their property, gave rise to Geometry, and these, collectively, to the Mystic order; and *watchwords*, *signs* and *tokens* were established to designate the initiated or admitted.

It is, perhaps, impossible to fix precisely the time, when the first degrees were established in the form in which they are now given, as most of the ancient records of the craft, were lost or destroyed in England in the wars of the Danes and

Saxons. Much of the history of Masonry in the early ages is so mixed with fable and enveloped with the rust of time that little satisfaction can be obtained; but as we approach nearer to our own times we have authentic records for our government. The peculiar manner in which the three first, or Blue degrees, are given, as well as the matter of them, clearly evince them to be merely symbols of the superior or sublime degrees. They were formed as the test of the character and capacity of the initiated before they should be admitted to the knowledge of the more important mysteries.

In the third degree we are informed that, in consequence of the death of H.A., the Master's word was lost, and that a new one, which was not known before the building of the Temple, was substituted in its place. If Masonry, as is generally believed, and as many of our ancient records import, took its rise from the creation, and flourished in the first ages of man, they were in possession of a secret word of which the Masons under Solomon had no knowledge. Here then was an innovation of one of the fundamental principles of the craft, and a removal of one of the ancient Land marks; this, however, we are unwilling to allow. It is well known to the Blue Master that King Solomon and his Royal visitor were in possession of the real and pristine word, but of which, he must remain ignorant, unless initiated into the sublime degrees. The authenticity of this Mystic word, as known to us, and for which our much respected Master died, is proven to the most sceptic mind from the sacred pages of holy writ and the Jewish history from the earliest period of time. Doctor Priestley, in his letters to the Jews, has the

following remarkable passage when speaking of the miracles of Christ “and it has since been said by your writers that he performed his miracles by means of some Ineffable name of God, which he stole out of the Temple.” Notwithstanding the Symbolic Masons profess their societies to have originated in the first ages of the world, and date from the creation, yet in their degrees, nothing is taught them but occurrences which took place at the building of the first Temple, (an inconsiderable period of about seven years,) 2992 years after the creation. The history of their order previously to that period, and the extensive and important improvements in the art, both before and since, they are unacquainted with.

Many of the Lectures of the Sublime degrees contain an epitome of the arts and sciences, and in their history many valuable and important facts are recorded, obtained from authentic archives in the possession of our society, and which, from the manner of their communication, can never be mutilated or corrupted. This is an object of the first magnitude in a society whose principles and practices should be invariable. Much variety and irregularity have unfortunately crept into the Blue degrees in consequence of the want of Masonic knowledge in many of those who preside over their meetings, and it is particularly so with those who are unacquainted with the Hebrew language, in which all the Words and Pass Words are given. So essentially necessary is it for a man of science to preside over a Lodge, that much injury may arise from the smallest deviation in the ceremony of initiation, or in the Lectures of instruction. We read in the Book of Judges that the transposition of a single point over the *Sheen* in consequence of a national defect among the

Ephraimites, designated the Cowans, and led to the slaughter of forty-two thousand. The Sublime figure of the Divinity formed in the Fellow-Crafts Degree can be elegantly illustrated only by those who possess some knowledge of the Talmud. Most of the words in the Sublime degrees are derived from the Chaldean, Hebrew and Latin languages.

The various translations which the Symbolic degrees have undergone since their first establishment, from one language to another, and that, oftentimes, by men illiterate even in their mother tongue, is another cause of the variety which we lament. Not so the superior degrees, they appear in that Sublime dress which their founders gave them; originating in science and embellished by genius. Many of the Sublime Degrees are founded on the polite arts, and unfold a mass of information of the first importance to Masons.

Although many of the Sublime degrees are, in fact, a continuation of the Blue degrees, yet there is no interference between the two bodies. Throughout the continent of Europe, and the West Indies, where they are very generally known, they are acknowledged and encouraged. The Sublime Masons never initiate any into the blue degrees, without a legal warrant obtained for that purpose from a Symbolic Grand Lodge; but they communicate the secrets of the Chair to such applicants who have not already received it, previous to their initiation into the Sublime Lodge, but they are at the same time informed that it does not give them rank as Past Masters in the Grand Lodge. The Sublime Grand Lodge, sometimes called the Ineffable Lodge or the Lodge of

Perfection, extends from the 4th to the 14th degree inclusive, which last is the degree of Perfection. The 16th degree is the Grand Council of Princes of Jerusalem, who hold jurisdiction over the 15th degree, called Knights of the East, and also over the Sublime Grand Lodge, and is to them what a Symbolic Grand Lodge is to the subordinate Lodges. Without a warrant and Constitution regularly issued by them or by an higher Council or Inspector, they are deemed irregular and are punished accordingly. All the degrees above the 16th are under the jurisdiction of the Supreme Council of Grand Inspectors General, who are Sovereigns of Masonry. When it is necessary to establish the Sublime degrees in a country where they are unknown, a brother of the 29th Degree, which is called K. H., is appointed Deputy Inspector General over the district. He selects from among the Craft such brethren as he believes will do honor to the society, and communicates the Sublime degrees to as many as is necessary for the first organization of the Lodge, when they elect their own officers and govern themselves by the Constitution and warrant which is furnished them. The jurisdiction of a Lodge of Perfection is twenty-five Leagues.

It is well known that about 27,000 Masons accompanied the Christian Princes in the Crusades to recover the Holy Land from the Infidels. While in Palestine they discovered several important Masonic manuscripts among the descendants of the ancient Jews, which enriched our Archives with authentic written records, and on which some of our degrees are founded.

In the years 5304 and 5311, some very extraordinary discoveries were made, and occurrences took place, which renders the Masonic history of that period of the highest importance. A period dear to the Mason's heart, who is zealous in the cause of his Order, his Country and his God.

Another very important discovery was made in the year 5553, of a record in Syrian Characters, relating to the most remote antiquity, and from which it would appear that the world is many thousand years older than given by the Mosaic account; an opinion entertained by many of the learned. Few of these characters were translated until the reign of our Illustrious and Most Enlightened Brother, Frederick II, King of Prussia, whose well-known zeal for the Craft was the cause of much improvement in the society over which he condescended to preside.

As society improved, and as discoveries of old records were made, the number of our degrees were increased, until, in progress of time, the system became complete. From such of our records as are authentic, we are informed of the establishment of the Sublime and Ineffable Degrees of Masonry in Scotland, France and Prussia, immediately after the Crusades. But from some circumstances, which to us are unknown, after the year 4658, they fell into neglect until the year 5744, when a Nobleman from Scotland, visited France, and re-established the Lodge of Perfection in Bourdeaux.

In 5761, the Lodges and councils of the superior degrees being extended through the continent of Europe, His Majesty the

King of Prussia, as Grand Commander of the order of Prince of the Royal Secret, was acknowledged by all the Craft as the head of the Sublime and Ineffable Degrees of Masonry throughout the two Hemispheres. His Royal Highness Charles, Hereditary Prince of the Swedes, Goths and Vandals, Duke of Sudermania, Heir of Norway, &c., &c., &c. was, and still continues the Grand Commander and Protector of the Sublime Masons in Sweden; and his Royal Highness Louis of Bourbon, Prince of the Blood, Duke de Chartres, &c., &c., &c., and the Cardinal, Prince and Bishop of Rouen were at the Head of those degrees in France.

On the 25th of October, 1762, the Grand Masonic Constitutions were finally ratified in Berlin, and proclaimed for the government of all the Lodges of Sublime and Perfect Masons, Chapters, Councils, Colleges and Consistories of the Royal and Military art of Free Masonry over the surface of the two Hemispheres. There are secret Constitutions, which have existed from time immemorial, and are alluded to, in these Instruments.

In the same year the Constitutions were transmitted to our Illustrious Brother Stephen Morin, who had been appointed, on the 27th of August, 1761, Inspector General over all Lodges, &c., &c., &c., in the new world, by the Grand Consistory of Princes of the Royal Secret convened in Paris, at which presided the King of Prussia's deputy, "Chaillon de Jonville, substitute General of the order, Right Worshipful Master of the first Lodge in France, called St. Anthony's, Chief of the Eminent Degrees, Commander and Sublime Prince of the Royal Secret, &c., &c., &c.

The following Illustrious Brethren were also present:

“The Brother Prince of Rouen, Master of the Grand Intelligence Lodge, and Sovereign Prince of Masonry, &c.

“La Corne, substitute of the Grand Master, Right Worshipful Master of the Trinity Lodge, Grand, Elect, Perfect, Knight and Prince of Masons, &c.

“Maximilian de St. Simon, Senior Grand Warden, Grand, Elect, Perfect, Knight and Prince of Masons, &c.

“Savalette de Buchelay, Grand Keeper of the Seals, Grand, Elect, Perfect, Knight and Prince of Masons, &c.

“Duke de Choiseuil, Right Worshipful Master of the Lodge of the Children of Glory, Grand, Elect, Perfect, Master, Knight and Prince of Masons, &c.

“Topin, Grand Ambassador from His Serene Highness, Grand, Elect, Perfect, Master, Knight and Prince of Masons, &c.

“Boucher de Lenoncour, Right Worshipful Master of the Lodge of Virtue, Grand, Elect, Perfect, Master, Knight and Prince of Masons, &c.

“Brest de la Chausee, Right Worshipful Master of the Exactitude Lodge, Grand, Elect, Perfect, Master, Knight and Prince of Masons, &c. The Seals of the Order were affixed and the patents countersigned by

“Daubertain, Grand, Elect, Perfect, Master, Knight and Prince of Masons, Right Worshipful Master of the Lodge of St. Alphonso, Grand Secretary of the Grand Lodge and Sublime Council of Princes of Masons, &c.”

When Brother Morin arrived in St. Domingo, he, agreeably

to his Patent, appointed a Deputy Inspector General for North America. This high honor was conferred on Brother M. M. Hayes, with the power of appointing others where necessary. Brother Morin also appointed Brother Frankin Deputy Inspector General for Jamaica and the British Leeward Islands, and Brother Colonel Provost, for the Windward Islands and the British Army.

Brother Hayes appointed Brother Isaac Da Costa Deputy Inspector General for the State of South-Carolina, who, in the year 5783, established the Sublime Grand Lodge of Perfection in Charleston. After Brother Da Costa's death, Brother Joseph Myers was appointed Deputy Inspector General for this State by Brother Hayes, who, also had previously appointed Brother Colonel Solomon Bush, Deputy Inspector General for the State of Pennsylvania, and Brother Barend M. Spitzer to the same rank for Georgia, which was confirmed by a convention of Inspectors when convened in Philadelphia on the 15th of June, 5781.

On the 1st of May, 5786, the Grand Constitution of the 33d degree, called the Supreme Council of Sovereign Grand Inspectors General, was finally ratified by His Majesty the King of Prussia, who, as Grand Commander of the order of Prince of the Royal Secret, possessed the Sovereign Masonic power over all the Craft. In the new Constitution this high power was conferred on a Supreme Council of nine brethren in each Nation, who possess all the Masonic prerogatives in their own districts, that His Majesty individually possessed; *and are Sovereigns of Masonry.*

On the 20th of February, 5788 the Grand Council of Princes of Jerusalem was opened in this City, at which were present, Brother J. Myers, D. I. G. for South- Carolina, Brother B. M. Spitzer, D. I. G. for Georgia, and Brother A. Forst, D. I. G. for Virginia. Soon after the opening of the Council, a Letter was addressed to His Royal Highness the Duke of Orleans, on the subject, requesting certain records from the archives of the society in France, which, in his answer, through Col. Shee, his secretary, he very politely promised to transmit; but which the commencement of the French Revolution most unfortunately prevented.

On the 2d of August, 5795, Brother Colonel John Mitchell, late Deputy Quarter Master General in the Armies of the United States, was made a Deputy Inspector General for this State, by Brother Spitzer, who acted in consequence of Brother Myer's removal out of the country. Brother Mitchell was restricted from acting until after Brother Spitzer's death, which took place in the succeeding year.

As many Brethren of eminent degrees had arrived from foreign parts, Consistories of Princes of the Royal Secret, were occasionally held, for initiations, and other purposes

On the 31st of May, 5801, the Supreme Council of the 33d Degree for the United States of America, was opened with the high honors of Masonry, by Brothers John Mitchell and Frederick Dalcho, Sovereign Grand Inspectors General, and in the course of the present year the whole number of Grand Inspectors General was completed, agreeably to the Grand Constitutions.

On the 21st of January, 5802, a warrant of Constitution passed the seal of the Grand Council of Princes of Jerusalem, for the establishment of a Master Mark Mason's Lodge in this City.

On the 21st of February, 5802, our Illustrious Brother Count Alexandre Francois Auguste de Grasse, Deputy Inspector General, was appointed by the Supreme Council, a Grand Inspector General and Grand Commander of the French West-Indies; and our Illustrious Brother Jean Baptiste Marie De la Hogue, Deputy Inspector General, was also received as an Inspector General, and appointed Lieutenant Grand Commander of the same Islands.

On the 4th of December, 5802, a warrant of Constitution passed the seal of the Grand Council of Princes of Jerusalem, for the establishment of a Sublime Grand Lodge in Savannah, Georgia.

Besides those degrees, which are in regular succession, most of the Inspectors are in possession of a number of detached degrees, given in different parts of the world, and which they generally communicate, free of expence, to those Brethren who are high enough to understand them. Such as Select Masons of 27 and the Royal Arch, as given under the Constitution of Dublin, six degrees of Maconnerie d'Adoption, Compagnon Ecossais, Le Maitre Ecossais & Le Grand Maitre Ecossais, &c., &c., making in the aggregate 52 degrees.

The Committee respectfully submit to the consideration of the Council the above report on the principles and establishment of the Sublime Degrees in South-Carolina, extracted from the archives of the Society. They cannot however conclude, without expressing their ardent wishes for the prosperity and dignity of the Institutions over which this Supreme Council preside; and they flatter themselves that if any unfavorable impressions have existed among their Brethren of the Blue degrees, from the want of a knowledge of the principles and practices, of Sublime Masonry, it will be done away, and that harmony and affection will be the happy cement of the universal society of Free and Accepted Masons.

That as all aim at the improvement of the general condition of mankind by the practice of virtue, and the exercise of benevolence, so they sincerely wish, that any little differences which may have arisen, in unimportant ceremonies of *Ancient* and *Modern*, may be reconciled, and give way to the original principles of the order, those great bulwarks of society, universal benevolence and brotherly love, and that the extensive fraternity of Free Masons

throughout the two Hemispheres may form but one band of Brotherhood.

“Behold how good, and how pleasant it is for Brethren to dwell together in unity.”

They respectfully salute your Supreme Council by the *Sacred Numbers*. Charleston, South Carolina, the 10t day of the 8th Month, called Chisleu, 5553, A. L. 5802, and of the Christian Æra, this 4th day of December, 1802.

Under the Celestial Canopy of the Zenith, which answers to 32 deg. 45 Min. N. L

Throughout history, the records of the Ancient and Accepted Scottish Rite have been dated "beneath the Celestial Canopy of the Zenith corresponding to..." the latitude of the issuing location being added to complete the statement. The latitude is emphasized because it signifies the sun's midday height at that location. On the other hand, longitude is consistently excluded, as the location of document issuance is always referred to as the Grand East, the precise place of sunrise. *Zenith* in this context refers to the celestial point directly above an observer, from which an imaginary line extends through the observer to the Earth's center. The underlying notion is that while the Lodge's southern orientation may differ, its primary alignment should invariably be towards the East, the direction of sunrise and the starting point for measuring longitude.

Rev. Dr. Frederick Dalcho, 33°

1770-1836

Sovereign Grand Inspector General of the 33rd
Lieutenant Grand Commander in the United States of America.
author of the *Circular Throughout the Two Hemispheres*.

Born in a London borough in 1770, Frederick Dalcho was a British-American Doctor, Freemason and religious leader who left a lasting impact on American Freemasonry.

Tragedy struck early when he lost his father at the age of nine. Seeking educational opportunities, he relocated to Baltimore, Maryland at 15 to live with an uncle who ran a medical school. Dalcho graduated with a medical degree in 1790 from this institution.

Upon completing his medical studies, Dalcho enlisted in the Army as a medical officer. After several years of service, he resigned his commission in 1796 to embark on private sea voyages to Africa.

It's widely believed that his initial Masonic affiliation was with Hiram Lodge No. 2 in Savannah, Georgia, dating back to 1792.

Dalcho gained significant prominence within the Freemason community in South Carolina. In 1801, while actively participating in the formation of the Supreme Council, Southern Jurisdiction of the Ancient Accepted Scottish Rite of Freemasonry, he became the first man to have received a patent as a 33rd degree.

Dalcho was immediately appointed as the inaugural Lt. Grand Commander of the Supreme Council.

Known for his eloquence, Dalcho frequently spoke about Masonic history and principles. He emphasized that the values promoted by Freemasonry were not merely internal organizational tenets but applicable to everyday life.

In 1807, he authored the *Abiman Rezon* for South Carolina's Grand Lodge of Ancient York Masons. He later played a pivotal role in unifying the Ancient York Grand Lodge with the Grand Lodge of Free and Accepted Masons of South Carolina, thereby forming The Grand Lodge of Ancient Freemasons of South Carolina. Despite these accomplishments, Dalcho's role as a mediator within and outside the Masonic community led to significant discord.

Also, in 1807 he became one of the two editors of the Charleston Courier, a Federalist daily newspaper. Dalcho began to study theology in 1811. He was ordained deacon on Feb. 15, 1814, and priest on June 12, 1818. On Feb. 23, 1819, he became assistant minister at St. Michael's Church, Charleston, where he remained until his death.

Sadly, in 1823, Dalcho found himself at the center of a dispute between his Scottish Rite organization and a newly formed Masonic entity in Charleston, named The Sovereign Grand Consistory and Supreme Council of the Thirty-Third and Last Degree of the Ancient Scottish Rite of Heredom. The lack of a centralized authority for Scottish Rite organizations at the time led to competition for members and eventual divisions within the community. Despite Dalcho's efforts to reconcile the factions, his relationships within the fraternity were severely damaged, leading him to resign, disheartened by the divergence from the Masonic ideals he held dear.

Dalcho passed away on November 24, 1836.
